

Clorox[®] Total 360[®] System

Ready-to-use sporicidal disinfecting system

*Superior Coverage.
Trusted Solutions.*

Get Superior Coverage with Trusted Solutions...For Healthier Facilities

Healthcare-associated infections (HAIs) affect 4% to 10% of patients and can result in significant harm to patients and healthcare workers.^{1,2} Healthcare facilities are complex environments where the provision of care to large numbers of patients can result in the contamination of surfaces and equipment with harmful microorganisms.³ Manual cleaning methods and traditional disinfecting tools aren't designed to effectively reach all areas, leaving facilities at risk of illness.

Now a revolutionary new way to get the job done right.

The Clorox® Total 360® System pairs an electrostatic sprayer with Clorox Healthcare® Spore Defense™ Cleaner Disinfectant which kills *C. difficile* in 5 minutes in addition to 42 other microorganisms in just 1 minute to ensure all surfaces — even those hard-to-reach, difficult-to-clean areas — are properly treated. The superior coverage helps keep facilities healthier, while also saving time and money.

Clorox® Total 360® System...

TAKES LESS TIME

Up to **75% faster***

COVERS MORE

Treat up to **18,000 sq. ft./per hour**

REDUCES COST

Uses **65% less solution***

Electrostatic Sprayer Safety

Unit is grounded via plug.

The Clorox® Total 360® System meets Underwriter Laboratories' published and nationally recognized standards for safety.

Safe for End-User

- ▶ Grounded device
- ▶ UL certified
- ▶ Clorox® Total 360® PPE guidelines based on testing both sprayer and solutions together

Infectious disease outbreaks at healthcare facilities are a major problem for healthcare institutions as the cost of containment and control of these outbreaks can really add up.⁴

\$115,871

Cost for a 20-day outbreak of norovirus at a large Toronto hospital⁴

\$650,000

Cost of norovirus outbreak at a large, 946-bed US hospital⁵

1,778 outbreaks

The 2018 influenza season in Canada resulted in 1,778 outbreaks, of which 1,098 (62%) occurred in long-term care facilities.⁶

Proven Efficacy with Trusted Solutions

Disinfect with the confidence of Clorox Healthcare® Spore Defense™ Cleaner Disinfectant.

Only solutions tested to Clorox standards have been approved for use with the Clorox® Total 360® System. Safe to use on a wide variety of surfaces.¹

Clorox Healthcare® Spore Defense™ Cleaner Disinfectant

**4/3.78L (128 oz)
Gallon**
UPC: 01742
DIN: 02494663

- ▶ Kills *C. difficile* in 5 minutes
- ▶ Kills 42 out of 47 pathogens in just 1 minute
- ▶ Safe to use through the Total 360® System without PPE*
- ▶ Low odour formula
- ▶ Low residue and broad surface compatibility
- ▶ Broad Spectrum Virucide

SPORE FORMING BACTERIA	Kill Time
<i>Clostridium difficile</i>	5 minutes
NON-ENVELOPED VIRUS	
Enterovirus EV-068, Strain: Ferman	1 minute
Human Rotavirus, Strain WA	1 minute
Coxsackievirus type B3, Strain Nancy	1 minute
Poliovirus Type 1, Strain Chat	1 minute
Human Adenovirus type 5, Strain Adenoid 75	1 minute
Rhinovirus type 37, Strain 151-1	1 minute
Murine Norovirus	1 minute
Hepatitis A virus	1 minute
ENVELOPED VIRUS	
Measles Virus, Strain: Edmonston	1 minute
Mumps Virus, Strain: Jones	1 minute
Avian Influenza A (H5N1) virus	1 minute
Human Coronavirus (a cause of the common cold)	1 minute
Influenza B virus, Strain 8/Hong Kong/5/72	1 minute
Respiratory syncytial virus (RSV), Strain Long	1 minute
Herpes simplex virus type 1, Strain F(1)	1 minute
Bovine Viral Diarrhea Virus (Surrogate Virus for Human Hepatitis C Virus), NADL strain	1 minute
Human Immunodeficiency virus type 1	1 minute
Influenza A virus [Flu virus], Strain A/Hong Kong/8/68	1 minute
Duck Hepatitis B Virus (Human Hepatitis B Surrogate)	1 minute
FUNGI	
<i>Trichophyton interdigitale</i>	2 minutes
<i>Candida glabrata</i>	1 minute
<i>Aspergillus brasiliensis</i>	5 minutes
<i>Candida albicans</i>	1 min 30 sec

BACTERIA	Kill Time
<i>Streptococcus pyogenes</i>	1 minute
Vancomycin Resistant <i>Staphylococcus aureus</i> - VRSA	1 minute
<i>Legionella pneumophila</i>	1 minute
<i>Listeria monocytogenes</i>	1 minute
<i>Serratia marcescens</i>	1 minute
<i>Shigella dysenteriae</i>	1 minute
<i>Staphylococcus epidermidis</i> - Coagulase Negative (CONS)	1 minute
<i>Salmonella enterica</i>	1 minute
Carbapenem Resistant <i>Klebsiella pneumoniae</i>	1 minute
Extended-Spectrum beta-lactamase (ESBL) producing <i>Escherichia coli</i>	1 minute
Multi-Drug Resistant (MDR) <i>Streptococcus pneumoniae</i>	1 min 30 sec
Multi-Drug Resistant <i>Enterococcus faecium</i>	1 minute
Multi-Drug Resistant <i>Staphylococcus aureus</i>	1 minute
Methicillin Resistant <i>Staphylococcus aureus</i> - MRSA	1 minute
New Delhi metallo-beta-lactamase 1 (NDM-1) producing <i>Enterobacter cloacae</i>	1 minute
<i>Pseudomonas aeruginosa</i>	1 minute
<i>Staphylococcus aureus</i> (Staph)	1 minute
<i>Acinetobacter baumannii</i>	1 minute
<i>Proteus mirabilis</i>	1 minute
Vancomycin Resistant <i>Enterococcus faecalis</i> - VRE	1 minute
<i>Enterococcus faecalis</i>	1 minute
<i>Enterobacter aerogenes</i>	1 minute
<i>Escherichia coli</i> O157: H7	1 minute

Clorox Healthcare® Spore Defense™ Cleaner Disinfectant claims have been registered by Health Canada.

Clorox® Total 360® System Delivers Superior Results

The Clorox® Total 360® Electrostatic Sprayer, with the patented PowerWrap™ nozzle, is an efficient, reliable and powerful method to ensure all surfaces — front, back and sides — can be properly disinfected.

The Clorox® Total 360® System Advantages...

Patented PowerWrap™ Nozzle

The advanced nozzle design provides highly reliable atomization and particle size.

Delivers uniform wraparound coverage on all sides of target.

Powerful Air Compressor

The dynamic air compressor enables fast, efficient delivery of charged particles to targeted surfaces.

Cover more intended surfaces in less time.

Reliable Delivery Method

The corded system ensures safe grounding and consistent electrostatic output.

No variance in performance due to operator handling or battery life.

Exceptional Wraparound Coverage vs. Other Sprayers

Clorox® Total 360® Electrostatic Sprayer delivers more uniform, wraparound coverage to the targeted surfaces than current sprayers on the market today.* Superior surface coverage helps provide better protection from the spread of germs.

*Results were determined in a single spray study conducted on metal trash cans (19 cm in diameter). Testing protocol established by using average of manufacturer suggested spray distances. Cordless electrostatic sprayer disinfection nozzle setting used.
