Our Portfolio

More than 4,300 hospitals in North America* rely on Clorox Healthcare disinfectants to safeguard patient environments. We partner with healthcare professionals to eliminate the environment as a source of infection. We offer a variety of healthcare and professional cleaning and disinfection products for healthcare facilities.

Manual Cleaning and Disinfection

Healthcare Cleaner-Disinfectants

Ready-to-use cleaner-disinfectant wipes and liquids designed to kill pathogens on contaminated surfaces and equipment in patient care areas.

Professional Cleaners and Disinfectants

Professional cleaners and disinfectants created to keep non-patient care areas including waiting areas, staff offices, breakrooms and public restrooms clean, comfortable and odour-free.

Enhanced Decontamination

Electrostatic Technology

The Clorox® Total 360® system offers superior electrostatic coverage with trusted Clorox Products for large and hard-to-reach surfaces.

Training and Accessories

Effective products are only part of a robust environment-focused infection prevention program. We also offer training tools and accessories to help with the product conversion process and enable compliant product usage.

Contact your Clorox Healthcare Account Manager to learn more.

Live in-servicing and training sessions

Training posters, videos and directions for use cards

Reference guides for frontline staff

Brackets and stickers for wipes canisters and buckets
